## **TULAY SA TIBO**

MANAGED AND OPERATED BY THE LOCAL COMMUNITY OF PANGANIBAN GUBAT SORSOGON. THIS MANGROVE SITE IS PROTECTED AND PRESERVED TO GIVE AWARENESS ON THE IMPORTANCE OF MANGROVE IN THE FOOD CHAIN ASIDE FROM THE PROTECTION IT GIVES TO THE RISING TIDES.

Barcelona in the Province of Sorsogon is located at 631 south of Manila. It is said that the place was called Barcelona because homesick Spaniards find its topography similar to Barcelona of Spain. This charming town is known for its century old Barcelona Church made of coral block and ruins of stone structures known as the Casa Tribunal, Baluarte and School.

(Pinoy AdvenTurista)

## **Bayugin Falls**

a visual treat — enchanting and magical. Pitch perfect for a fairy land scenery complete with a tropical forest picnic grove, crystal clear natural pool endlessly flowing to the lower slopes of the forested Bayugin Falls' vicinity.

Involves Trekking and steep stairs that will take about 20 minutes with some trail that needs average physical strength and focus.

*[\(Bayugin is not just a waterfall | bulusanruralvaqabond \(wordpress.com\)\)](#)*

# KAMBAL BUSAY

Surrounded by greens and mossy rocks. This falls is known as Bulusan Twin Falls or Kambal Busay, probably because of its two separate volume of water that rushes down the bottom of the rocks. The refreshing meditating sound of the water an amazing place to witness the nature alive with its natural flow.

Trekking will take about 15 minutes with some trail that needs moderate physical strength and focus.

# MASACROT COLD SPRING

**THE MOST UNIQUE** natural swimming pool in Sorsogon is the Masacrot Spring. It is known for its mineral water which has a taste of carbonated mineral water. Locals used to drink the water right from the source of the spring water and swimming in the pool is like swimming in a cold softdrinks. The word masacrot is a local term for the unique taste of the water.

The hot spring in the resort came from Mt. Bulusan. Soaking in a hot spring is a good therapy, natural hot springs like in San Benon have the capacity to balance and harmonize our body and mind. In some studies they have found out that soaking in a hot bath gives many of the health benefits of exercises with less strain on the heart. Soaking in hot springs increases the heart rate while it lowers the blood pressure than raising it as does other forms of exercise.

Hot Spring is extremely beneficial to those who suffer from arthritis. The buoyancy of the water relaxes the muscles, supports and reduces stress on the joints which encourages freer movement. The heat relaxes the muscles to increase their range in motion.

# SAN BENON HOT SPRING

A camp fueled by people that embraces the culture of responsible surfers, ideas of environmentalists and attitudes of pure Gubatnon. Lola Sayong wants you to experience the best of Gubat as well as its neighboring towns. Feel the tranquility of countryside, breath of clean air...the best sunrise that is woven seamlessly as only mother nature knows how.
